individual teams who committed to
provided best services in class.

EMPLOYEE

OUR SERVICES

CUSTOMS CLEARANCE

Customs Broker is our core expertise. Our customs clearance division acts on behalf of importer and exporter to ensure that goods get through customs channels quickly, efficiently and cost effectively. Customs clearance is a service that requires not only professional and responsible care, but also a sound experience in problem solving of various complexities.

LOGISTICS & FREIGHT FORWARDING

Our freight forwarder division offers premium logistics services worldwide, selects the most appropriate routes with the best possible rate. We have a team of specialists that provides efficient services for freight and cargo movements of all types of manufactured goods, automotive, electronics, consumables, foodstuffs, raw materials and project cargo by land, sea, and air.

ROAD TRANSPORTATION

Our trucking and distribution division provides all the services for every aspect of your transportation and logistics needs, offered individually or on an integrated basis with an array of choices including container trucks, small size trucks, regular trailers, and specialized trailers. No matter what, when and where regarding your shipments, we have trucking services tailored to your shipping needs. With peace of mind, our trucks have **GPS** installed to monitor and secure your cargoes.

WAREHOUSING & DISTRIBUTION

We offer warehousing and distribution operations that accommodate any particular requirement to add value to your business. With over 50,000 sq. meters warehouses, we offer ample choices whether you need dedicated or share space, contract or temp storage, finished goods storage & distribution 24/7.

DRY PORT

Established in 2013 on 15 hectares of land and is located about 3 km from Phnom Penh International Airport. Our dry port is the biggest inland terminal port in Cambodia connected to a seaport/border by road. It serves as a transshipment point in the transport of export/import goods. It is also employed to relieve a major seaport/border of some work load and congestion.

Our dry port consists of facilities such as customs office, container yards, cargo-handling equipments, warehouses, container freight stations, repair work shop and administrative services for export and import clearances.
